Fund and Manager	Service and Description
Flagship IP Worldwide Flexible Fund Philip Short & James Hayward	The Flagship IP Worldwide Flexible Fund is an actively managed worldwide flexible fund. The strategy will be to manage the portfolio aggressively in terms of asset allocation (switching between equities, bonds and cash as market circumstances dictate). A top down approach is utilised to assess the most attractive markets on a 12-month view. However, interim movements in the market will not be ignored and will be acted upon to exploit opportunities to add value or protect the value of the portfolio. Cash holdings will be increased when equity markets appear vulnerable.
Flagship IP Worldwide Flexible Fund of Funds Paul Floquet, Philip Short & James Hayward	The Flagship IP Worldwide Flexible Fund of Funds is a widely diversified fund with investments spread across geographic regions, asset classes and fund managers. It comprises a number of individual portfolios, each managed by an external fund manager (other than Flagship). All are leading fund managers from top fund management houses who have proved themselves in their specialist categories. This provides clients with the 'best of breed' in each of the selected categories. The use of several managers diversifies the single manager and single style risk associated with investing through one asset manager only.
Flagship IP Balanced Fund Paul Floquet	The primary aim of the Flagship IP Balanced Fund is to offer long-term capital growth with an acceptable level of risk to the more aggressive investor. The fund is Regulation 28 compliant and aims to maximize returns over the medium to long term and achieves this through flexible asset allocation strategies taking active decisions in accordance with current and projected economic and market conditions. Out-performance is targeted through aggressive asset allocation and focused stock selection based on in-house proprietary models and extensive internal and external research. The fund utilises limited derivative products when necessary.
Flagship IP Flexible Value Fund Niall Brown	The Flagship IP Flexible Value Fund aims to outperform both the JSE All Share Index and competing funds over the medium to long term. The fund relies on fundamental research to identify investments which are trading at a discount to their underlying value and to determine which asset classes are the most attractive.
Flagship IP Global Icon Feeder Fund Philip Short & James Hayward	The fund invests directly into the Flagship Global Equity Fund IC Limited , which seeks to provide long-term capital appreciation by investing in a globally diversified portfolio of equity securities. The fund takes advantage of both fundamental and quantitative analysis to identify attractive investment opportunities across various markets, sectors and investment styles. Employing an unconstrained, dynamic investment strategy with a strict risk management framework, that fund seeks to maximize real, long-term returns.
